WILL FINISH THEIR LABORS
TONIGHT.

BRYAN IN KANSAS, TAFT IN OHIO

Both Sides Still Claim That the Victory Is Already Won—New York State Still in Doubt, but Looks Democratic.

New York, Nov. 2.—The last turn was given today to the political wheel of 1908. With the opening of the polls less than twenty-four hours away the leaders of the two great parties are giving attention to the last details of one of the most interesting campaigns of many years.

Taft speaks this afternoon at Cleveland and tonight winds up his fight for the presidency at Youngstown, going thence to Cincinnati, where he will vote tomorrow.

Bryan is touring Kansas, and expects to reach Lincoln tonight.

No change today was announced in the estimates of the national chairman. Hitchcock claims 325 votes for Taft, while Mack claims to be equal to certain of 333 votes for Bryan out of the 483 votes in the electoral college.

In New York state the republicans claim that the democratic vote in Greater New York will be off set by a big up-state majority for Taft and Hughes. The democrats claim otherwise and are depending upon the labor vote to turn the tide in their direction.

The best opinion seems to be that the state is in doubt and that only the counting of the ballots can be depended upon to determine the result.

MEETING OF SOROSIS

First Number of Monthly Magazine This Afternoon.

The ladies of Sorosis carried out a splendid program at the library rooms this afternoon, the attendance being large and much interest manifested.

The "current events" section of the program was in charge of Mrs. E. B. Farley.

The ladies had the first issue of what they call their "Monthly Magazine," with Mrs. Sallie Potter Sneed in charge of the editorial department. The following subjects were written of by the ladies named:

"Making of a President"—Mrs. A. J. Tucker.

"Income of the World's Rulers"—Mrs. D. H. Smith.

"Diplomatic Service"—Mrs. W. D. Steer.

"Original Thanksgiving Story"—Mrs. H. A. Pratt.

MR. HURLEY SEEKS DIVORCE

Alleges That Wife Neglected Household Duties.

Alleging that she neglected her household duties, J. Emmett Hurley, through Attorney Judge George F. Longan, today instituted divorce proceedings from his wife, Anna Bess Hall Hurley, in the Pettis county circuit court. Summons was ordered issued, returnable at the December term of court.

Mrs. Hurley, who is now located with her aunt at Fort Scott, Kas., was married to Mr. Hurley at that place on June 27, 1906. They lived together until September 27, last.

A BARN BURNED SUNDAY

Nothing Positive Known as to the Origin of the Blaze.

A large frame barn, 28x40 feet, with a shed connected, burned on the farm of Louis Monsees, six and one-half miles east of Sedalia, at 9 o'clock Sunday morning.

How the fire originated is not known definitely, but it is thought it was possibly ignited by a tramp who slept in the hay in the loft.

The barn and shed were worth about \$400. Fifteen tons of hay, worth \$8 or \$10 a ton, were also burned. There was small insurance, but not sufficient to cover the loss.

Polls Will Close at 6 P. M.

The polls will open for tomorrow's election at the usual voting places in the four wards of the city at 6 o'clock

a. m., and will close at 6 o'clock p. m. The indications are that the weather will be fair and pleasant, and if such proves to be the case it is believed a record-breaking vote will be polled. The judges whose names have heretofore appeared in these columns will serve in the respective wards. The M., K. & T. shops will not be opened during the day, and the Missouri Pacific shops will close for the day at the noon hour.

Mr. Barnett Will Preside.

The democrats will hold their last meeting of the campaign at the court house at 8 o'clock tonight. Judge William H. Wallace, of Kansas City, being the orator of the evening. George Barnett, jr., will preside as chairman of the meeting.

TO GIVE BRYAN 23 VOTES

THE FAMILY OF A MISSOURIAN WILL MAKE A RECORD NOVEMBER 3.

MR. WESLEY YANKEE, OF LONE JACK

Has Nine Children and Not One Has Ever Married a Republican—Now 85 Years of Age and Healthy.

Kansas City, Mo., Nov. 2.—The prize for being the head of the most exclusively democratic family should be awarded to Wesley Yankee, of the Lone Jack vicinity. Tomorrow morning he and his descendants will go to the polls and cast twenty-three votes for Bryan.

Mr. Yankee has four sons, five sons-in-law, eight grandsons and five married granddaughters whose husbands are true to the faith.

Moreover, of Mr. Yankee's nine children not one has ever married a republican. Nearly all of the twenty-three voters live in Jackson county.

Wesley Yankee, the patriarch of this prize democratic family, is 85 years old and enjoying good health.

NOVEMBER TERM OF COURT

Judge Hoffman Charged Grand Jury This Morning.

The first day of the November term of the criminal court convened today, with Judge Hoffman on the bench.

The grand jury, composed of William Lower, J. P. Higgins, J. R. Clark, A. D. Lane, John Rinzen, Eugene Helman, Thomas Parberry, A. M. Illias, Andrew Bowman, W. W. Herold, W. S. Scott and William Alsbough, was empaneled, sworn and charged, after which the jurymen were sent to their room to consider their presentments.

Mr. Higgins was appointed foreman of the jury.

C. R. McGulgan, convicted of robbery, was discharged under parole, and the paroles of the following were continued: Will Lucas, Joseph Stout, Allen Watts.

WHERE WERE THE POLICE?

A Big Crap Game Indulged in on the Sabbath.

A "crap" game of unusual proportions, during which several hundred dollars changed hands, was indulged in without molestation by a number of well known young business men of this city in a certain residence early Sunday morning.

When the game had been concluded one of the plungers walked away \$500 winner, another \$300 winner and others somewhat less than these sums, while several of the participants meandered home considerably to the "bad."

Kaiser's Restaurant Closed.

John Kaiser's restaurant on East Second street, was taken charge of this afternoon by Douglass Lane, under an overdue mortgage for \$200.

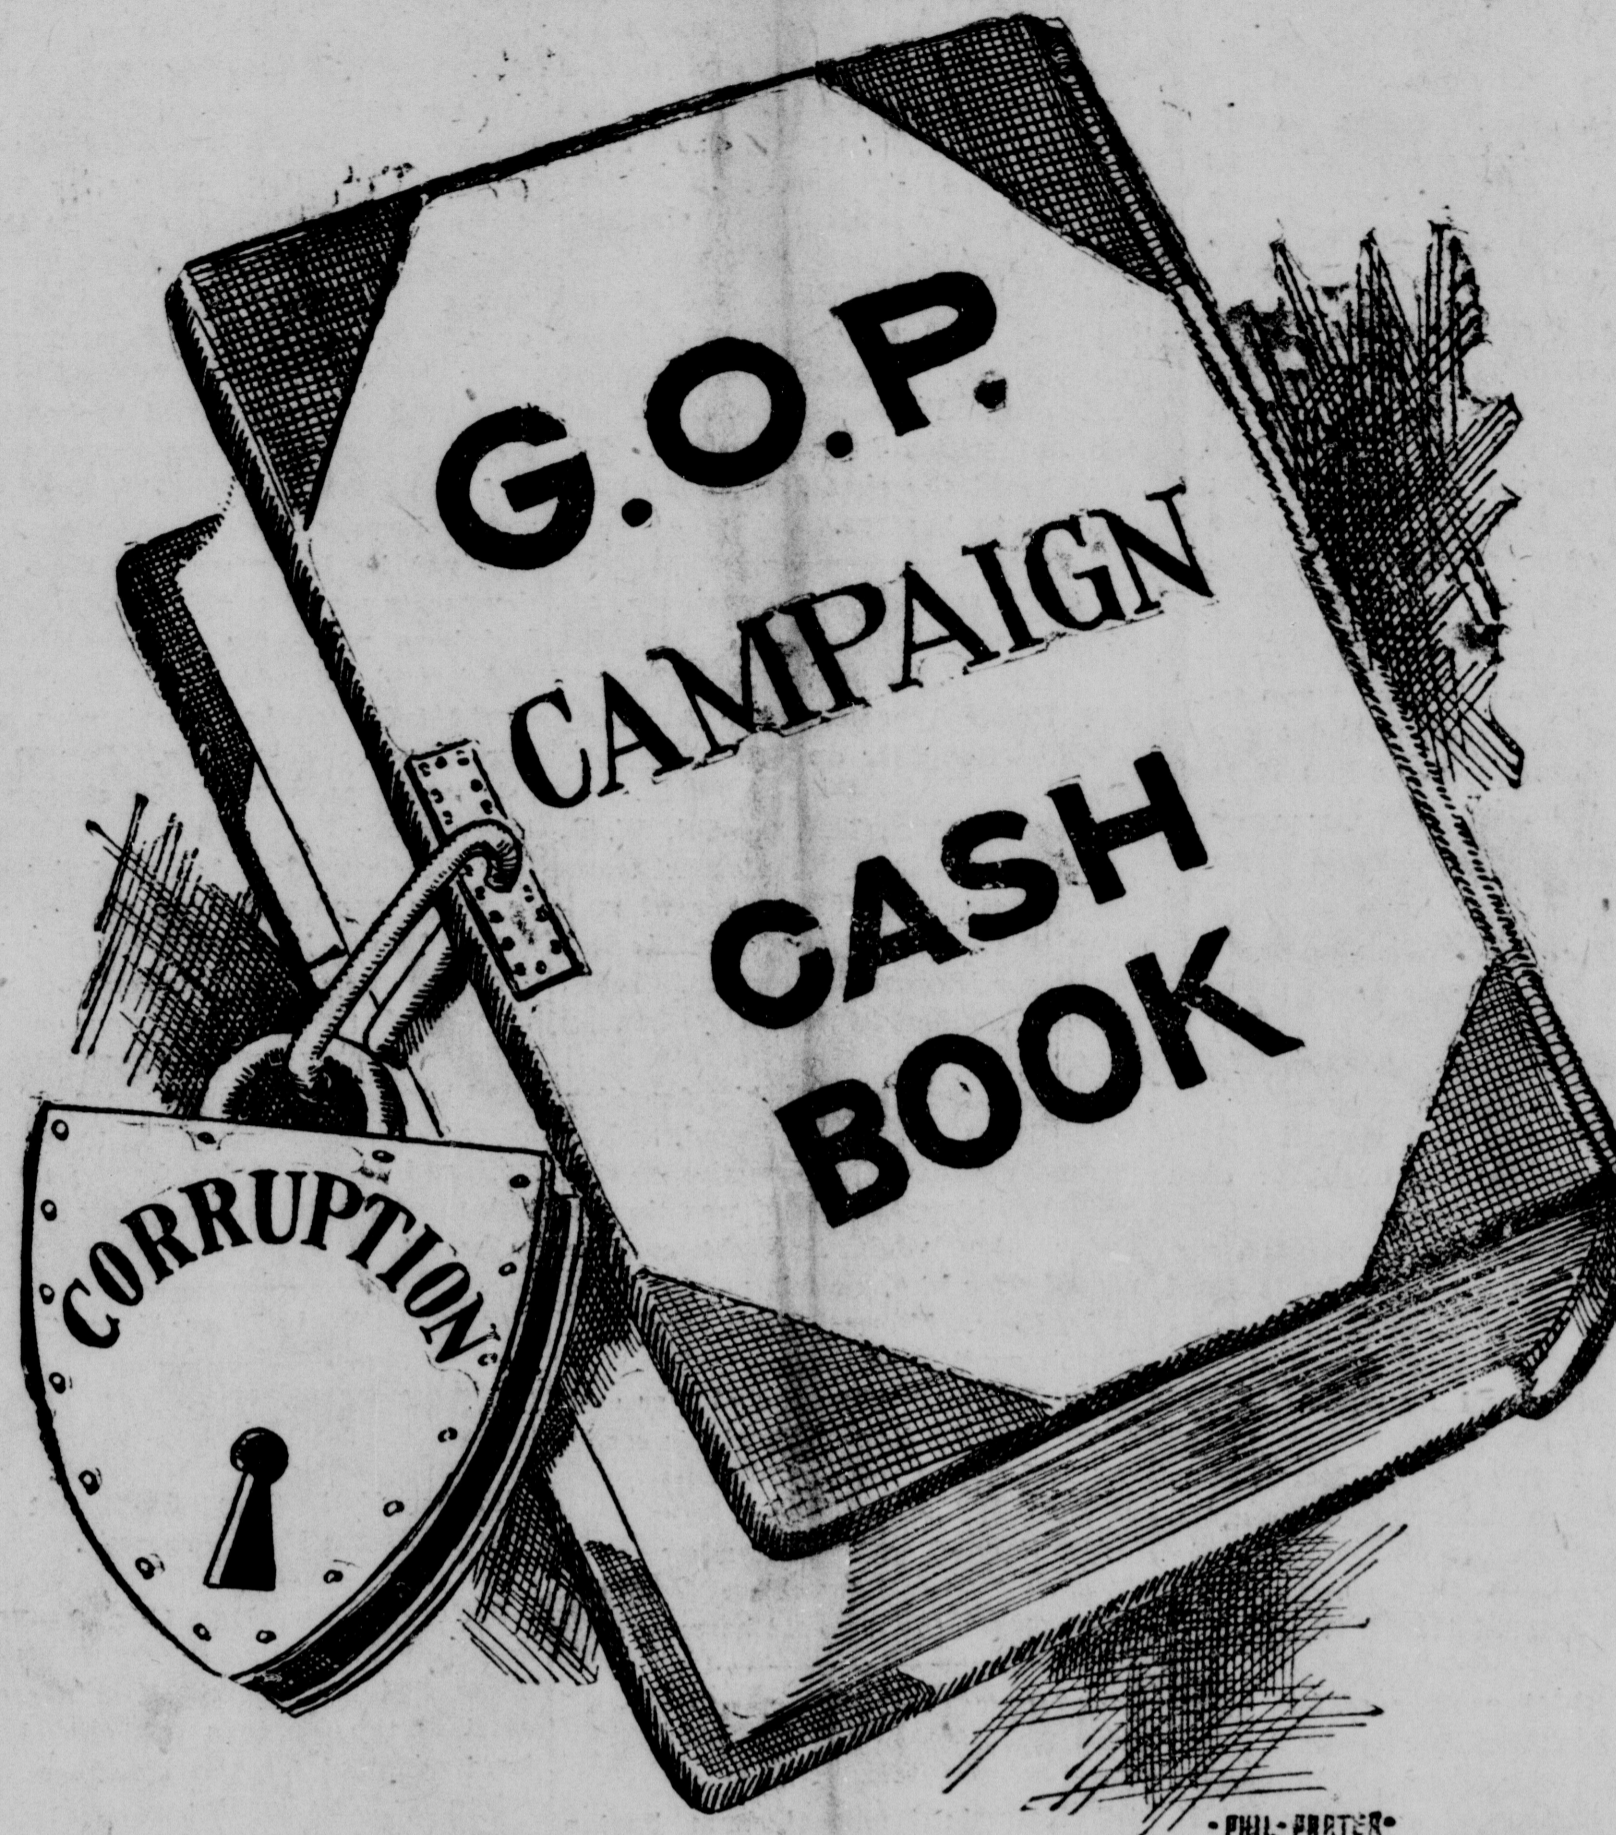

Mr. Lane stated to the Democrat-Sentinel that supper would not be served this evening, but that the rooms will be open tonight.

Future plans for the property are not matured.

County Court in Session.

The judges of the county court are in session today, selecting the petit jury for the December term of court. Road petitions of C. O. Green, J. H. McMullin and W. A. Hamilton were continued until November 4.

FOR SHAME!

WILL RIDE ON A SPECIAL

PRESIDENT ROOSEVELT GOING TO OYSTER BAY TO CAST HIS BALLOT.

BACK TO WASHINGTON AT NIGHT

There Is Said to Be Good Authority for the Statement That President's Secretary Will Also Vote for Mr. Taft.

Washington, Nov. 2.—President Roosevelt spent a busy day receiving reports on the probable outcome of the election in various parts of the country, and to visitors expressed himself as certain that Mr. Taft will be his successor.

The president was especially interested in the reports from Indiana, New York, West Virginia, Maryland and other doubtful states, and expressed the belief that Mr. Taft's chances in all these commonwealths are extremely rosy.

A special train has been engaged to carry the president to Oyster Bay tomorrow, where he will cast his ballot for Taft. He will return here at 7 o'clock tomorrow night.

Electricians were busy today installing special telegraph wires in the White House, where the president will receive the returns direct from the press associations and other sources of information.

All of the big news-gathering bureaus will contribute to the report which the president will receive, and friends and political associates in all parts of the nation will send telegraphic information pouring into the White House.

Three direct wires from New York, Chicago and Atlanta, have been installed and Mr. Roosevelt will receive authentic information as to the trend of the election as early as anyone in the country.

Both the president and his son, Theodore, Jr., are registered at Oyster Bay, and the latter will desert his carpet-making at a Connecticut mill to go to the Long Island village to cast his first ballot.

The young man recently attained his majority and will cast his first ballot tomorrow. It is rumored that Taft's total vote will be increased one as a result of the political activity of young Teddy.

Secretary Loeb is registered at Bayville, L. I., and will probably accompany the president on the special train. There is said to be good authority that Mr. Loeb will also vote for Taft.

Three Monuments Unveiled.

Thirty members of Sedalia camp

No. 16, Woodmen of the World, including the drill team, spent Sunday at Clinton, where, during the afternoon, they attended the unveiling of the monuments of three deceased members of the Clinton camp. The party returned home last night, after highly creditable exhibitions by the drill teams of Clinton and Sedalia.

Home From Dallas Fair, Louis Monsees returned Sunday night from Dallas, where he attended the Texas state fair, serving as judge of saddle and harness horses and jacks, jennets and mules. It was a great fair, Mr. Monsees says, and the attendance was large.

BUCKEYE STATE CLAIMS

MR. TAFT CLOSING CAMPAIGN AT YOUNGSTOWN, O., THIS EVENING.

THEN GOES TO CINCINNATI TO VOTE

Republicans Are Whistling As They Pass Through the Graveyard, While Democrats Predict a Landslide.

Cincinnati, O., Nov. 2.—William H. Taft will wind up his campaign with an address at Youngstown tonight, when all the leading lights of the republican party in the Buckeye state will gather to greet the candidate and wish him Godspeed in tomorrow's race for the White House.

Immediately after the Youngstown meeting, Mr. Taft will come to his home in this city in order to be on hand early when the polls open tomorrow.

The republican managers here are awaiting tomorrow's balloting in Ohio with considerable confidence. It is declared that the party fences are in good shape and that the usual majority of republican votes will be tallied tomorrow.

The democratic campaign managers have not abandoned hope, however, and declare that there are signs of a landslide that will put Ohio in the Bryan column.

MISSOURI IS FOR BRYAN

Non-Partisan Observers Say That Democrats Will Win State.

St. Louis, Nov. 22.—Political activity in Missouri is largely centered in the efforts to make certain of an honest election in the large cities on account of recent investigations. Non-partisan observers generally concede the state to Bryan.

SHE WOULD HANG SLAYER

TENNESSEE WIDOW ASKS PERMISSION TO SPRING THE DEATH TRAP.

SHE IS RESIDENT OF CHATTANOOGA

Says Nothing Would Give Her More Pleasure Than to Send Dave D. Edwards Into Eternity as Legal Executioner.

Chattanooga, Tenn., Nov. 2.—Mrs. J. W. Davis, widow of the railroad contractor who was killed here last March by Dave D. Edwards, has asked permission to spring the death trap when her husband's murderer is executed here Dec. 10.

She says there is nothing that would give her more pleasure than to pull back the lever and watch Edwards swing out into eternity.

Relatives of Davis will be here from nine different states to witness the execution. Edwards was sentenced Saturday by the supreme court, and nothing can prevent his death, except a reprieve from Governor Patterson.

The condemned man recently confessed to killing sixteen men previous to the Davis murder.

When told of Mrs. Davis' request last night, Sheriff Conner said that he could not allow the lady to spring the trap, but that he would invite her to witness the execution.

Since being confined for his last murder Edwards has made lots of "copy" for the state papers. He frequently goes on rampages which are not stopped until an inch stream of water is played on him.

In court recently he said he wanted to be hung so that he could go to hell and arrange for the reception of the prosecuting attorney, the judge and the jury.

PANIC IN CHURCH SUNDAY

Candle Starts Blaze and Stampedes Congregation.

Denver, Col., Nov. 2.—Fire during the 11 o'clock mass Sunday at St. Leo's church proved Fr. J. A. Ryan, assistant pastor, for the second time to be a hero.

In one of the most solemn moments of the service a candle borne by an altar boy touched some of the inflammable decorations designed for All Saints' day. The flames started up the side of the wall and the congregation rushed for the doors.

"Men be calm," shouted Fr. Ryan,

tearing off his robes. Then he beat out the fire with his bare hands. In a minute or so the fire was out and the congregation was again seated, while the priest resumed the service.

During the Iroquois theater fire in Chicago he carried several from the building to safety.

Judge Wallace Tonight.

No one should neglect to go and hear Judge William H. Wallace at the court house tonight. Unquestionably Judge Wallace is one of the greatest orators in the land and his address tonight will be thoroughly enjoyed by everyone present, whether democrat or republican.

MR. BRYAN IN NEBRASKA

RETURNS HOME AFTER GREATEST CAMPAIGN IN HISTORY OF THE NATION.

CONFIDENT OF VICTORY TUESDAY

The Republicans Are Equally as Sanguine—Election Will Be Much Closer Than Any Yet Held in This Country.

Omaha, Neb., Nov. 2.—Speeding into the stretch under whip and spur, the democratic donkey, with William Jennings Bryan as its jockey, is running on the home track of its driver today.

This evening the Nebraskan will make his last appearance as a presidential candidate, and tomorrow he will cast his ballot for himself in his home precinct at Lincoln and then establish himself at Fairview, where the telegraph wires will click out the fateful news.

Cheery and smiling as ever, the standard bearer of democracy is awaiting the verdict of the people tomorrow with equanimity.

Whatever the result of the "third battle"—whether it makes him the greatest man of the nation or leaves him a private citizen—Mr. Bryan will apparently remain untouched of extreme elation or dire grief.

As he himself declares, he has had experience in sustaining defeat, and while he is confident and serene at what he considers certain victory, he is prepared for any issue of the fight.

At the Nebraska headquarters of both parties statements were issued today announcing certain victory tomorrow.

There is more than political buncombe in these pronouncements, as the republicans are almost universally strong in the faith that the state will remain a stronghold of republicanism, while the democrats have many facts and figures which give them equal faith.

The election will doubtless be closer than usual and it is as yet anybody's victory.

LABOR IS FOR BRYAN

Kansas Working Men Art Supporting the Peerless Leader for President.

Topeka, Kas., Nov. 2.—The campaign in Kansas will be fought out by both the republicans and democrats until the closing hours. Both state chairmen express confidence in the results. However, it is conceded at republican headquarters that the trend of the labor vote is toward Bryan, while the railroads are fighting J. L. Brisrow, republican candidate for United States senator.

Will Get Election Bulletins.

District Manager J. H. Lincoln, of the Bell Telephone Co., has given instructions to his entire office force to report to Shields R. Smith, local manager, at 4 o'clock tomorrow afternoon and remain on duty until the last election returns are received on Wednesday morning.

The Bell people will receive national, state and county returns and will be glad to furnish information to their patrons gratis.

When it comes to "getting there," the Bell people are always "Johnny on the spot."

No "Smiling" Election Day.

The saloons will be closed tomorrow until after the close of the polls, and it is pretty safe to say that the owners of the nearly thirty dramshops in the city will do a good-sized flask business tonight.

THE NEW ELECTION LAW

THERE'S FEAR THAT UNDER IT MANY PEOPLE WILL BE DISFRANCHISED.

5 TO 10 MINUTES FOR TICKET

In New York the Polls Will Open at 6 O'clock A. M. and Close at 5 P. M.—Whole Line May Be Held Up By Challengers.

New York, Nov. 2.—That thousands of metropolitan voters will be disfranchised tomorrow, and will be unable to cast their ballots, is the fear that is openly expressed today in many quarters.

The new election law is held responsible for this condition of affairs, and as it was fathered by Governor Hughes, the democratic state campaign managers are attempting to make political capital out of the problem that confronts the election officials.

There is one district in which there are 895 names registered, and there are many in which more than 800 men have signed up the books.

It has been estimated by several experts in the bureau of elections that it will take from five to ten minutes for a voter to get through answering questions, sign his name, get his ballot, mark it and cast it. If it takes ten minutes for each voter to go through this performance, it will require just 123 hours and 20 minutes to put 800 voters through the mill. If each voter requires only five minutes, the 800 can vote in 66 hours and 40 minutes.

But the polls will be open only 11 hours. They will open at 6 in the morning and close at 5 o'clock in the afternoon.

In an election district in which 800 men try to vote each voter will have just 494 seconds in which to go through with all the forms and get his ballot into the box.

It must be remembered that the voters will have to go through the mill one at a time. Each voter will have to answer all the questions required, and in case he can sign his name he will have to subscribe his signature, take his ballot and make way for the next man.

In case he cannot write the time required must be multiplied by four, as there will be a long list of additional questions, and he may have to show marks, scars, thumb-prints, moles, warts, ring-worms and other identifying evidences before he can get his ballot.

Should there be many challenges, as there will be undoubtedly in nearly all the election districts, the whole line will be held up for perhaps half an hour while a voter is trying to swear in his vote.

A UNION LABOR MEETING

Large Attendance at the City Hall Sunday Afternoon.

A mass meeting of union men, called by the Sedalia Federation of Labor, was held Sunday afternoon at the city hall, fully 500 laborers being present.

The call was made by the local federation at the request of the American Federation of Labor to discuss the political outlook from organized labor's standpoint.

Talks were made by several gentlemen, chief among them being J. H. Beckmeyer, a Missouri Pacific machinist, after which the following resolution was adopted:

Resolved, That we recommend that the workmen of Sedalia pay close attention to the attitude of the various candidates of the two dominant political parties as to their position on labor questions and use their ballots according to the dictation of their best judgment.

BRYAN IN KANSAS

Spoke This Morning in Kansas City, Kas. to Great Crowd.

Kansas City, Nov. 2.—Mr. Bryan is spending the last day of the campaign in Northeastern Kansas. He arrived in Kansas City, Mo., this morning and was taken in an automobile to Kansas City, Kas., where the first speech of the day was made. The enthusiasm of the tremendous crowd was unbounded. From here Bryan took a special train, stopping first at Leavenworth.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. TWIN BOYS SPLIT OVER BRYAN

85-Year-Old Youngsters Have First Difference Over Election.

Boston, Nov. 2.—The national election has brought a difference of opinion into the harmonious eighty-five years of life of John and William Canby, the oldest twins in New England.

They are machinists and before the civil war took a contract in the Sharp rifle factory, of Connecticut, and made firearms from which they became famous. They closely resemble one another, and often confuse strangers. To their acquaintances they are familiarly known as "Uncle John and Uncle William."

Although they have habitually held similar views, John has broken away this year by the announcement that he will vote for Bryan. William will nurse the regular habit of the couple and will vote a straight republican ticket.

NIGHT RIDERS IN THE TOILS

Deputies Arrest Men Who Raided Planter's Home.

Jonesboro, Ark., Nov. 2.—Deputy Sheriff William Byrd, of the Lake City district, tells of the arrest Saturday of twenty-six men of that section, who went to the home of a planter named Couch, on Cane Island, made threats of violence and forced him to give up some hogs.

In the list of men are many who have always borne good reputations. Two of them are preachers.

The parties all gave bond for their appearance next Monday, at which time they will be given a preliminary hearing at Lake City.

Lake City is about twenty miles south of Paragould, where some weeks ago the whole traffic in cotton was tied up by night-rider notices, warning farmers not to sell and merchants not to buy cotton.

WAGER IS TAKEN TO COURT

\$2,000 Placed on Allison-Cummins Contest Tied Up.

Mason City, Ia., Nov. 2.—The question whether or not one can recover on a bet is to be tested in the district court of this county.

During the recent contest between the late Senator William B. Allison and Governor A. B. Cummins for the United States senate, a number of friends of the governor formed a pool of \$1,000. This was placed in the hands of Postmaster N. C. Kitchell to be placed against an equal amount deposited by F. S. Gibson.

The \$2,000 was deposited in the First National bank, with President Charles H. McNider as stakeholder. When Allison won Mr. Kitchell authorized Mr. McNider to pay the money over, but it seems that the syndicate was in favor of postponement and they informed the stakeholder to hold the money.

Mr. Gibson, in the petition set up in court, claims that he has a written assignment from Mr. Kitchell for the money. By suing on this assignment the attorneys are satisfied that the court will be compelled to hear the case and that they will be able to recover the entire amount for their client.

Thousands Have Kidney Trouble and Never Suspect It.

Prevalency of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physician, who content themselves with doctoring the effects, while the original disease undermines the system.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. CLOSED 34 SALOONS

Before Closing Their Parlors Raffle Off Supplies.

Marion, O., Nov. 2.—At 11 o'clock Saturday night thirty-four saloons in Marion county quit business as a result of the "dry" enforcement. Fourteen saloonkeepers had surrendered their licenses since the election on September 28.

In every saloon in the city Saturday night, whisky, beer, wine and cigars were raffled away, the barrooms being jammed with men anxious to buy booze at low prices.

One saloon, owned by Conrod & Abel, was cleaned out of wet goods Friday and a shipment of forty cases of whisky was received Saturday to be raffled off. Temporarily, at least, there will be few empty rooms for rent, as the majority of the liquor dealers announce their intention of conducting temperance bars and pool rooms.

A number of saloonists closed Saturday night at 6 o'clock and rallied crepe on their front doors.

SUPPOSED PAUPER WEALTHY

Riches Revealed Following His Death at Dog's Grave.

Bloomer, Wis., Nov. 2.—It develops that Frank Spitzig, who was found dead beside the body of his dog last Monday morning, was not a pauper. Currency, drafts, notes, mortgages, etc., aggregating over \$2,000, were found in his pockets and in the lining of his clothes. He also owned real estate in Virginia.

During the years Spitzig had been in Bloomer he made a meager living by hunting and trapping. He had a dog which was his constant companion, and when it died two weeks ago he lost all interest in life.

He took the canine to the outskirts of Bloomer, and while engaged in digging a grave for the dead heart failure, caused, it is said, by intense grief over the loss of the dog. Spitzig was 80 years old.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppose it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason, mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

FLOWERS ON THE GRAVES

LA FETE DES MORTS WAS CELEBRATED GENERALLY IN PARIS TODAY.

ANNUAL CUSTOM OF THE FRENCH

Hundreds of Thousands of People Flocked to the Cemeteries to Place Flowers on the Graves of Friends.

Paris, Nov. 2.—In accordance with the annual custom of the French people, la Fete des Morts was celebrated generally today in Paris and throughout the republic.

Hundreds of thousands of people flocked to the cemeteries to place flowers on the graves of dead relatives and French immortals, and all of the cities of the dead are this afternoon buried in a wilderness of blossoms.

Over 100,000 visitors, each bearing fresh floral mementoes, among which violets, chrysanthemums, dahlias and purple sweet-brier predominated, passed through the entrance gates of Pere Lachaise cemetery.

Among the tombs or graves upon which flowers were deposited with greatest profusion were those of Heloise and Abelard, La Fontaine, Moliere, Alfred de Musset, Felix Faure, Marechal Ney, Sergeant Hoff, Blanqui and Eugene Scribe.

At the cemetery of Montmartre, which contains the remains of a large number of poets and literary men, the graves of the following were literally covered with flowers: Theophile Gautier, Alexandre Dumas, Henri Heine, Zola, Frederick Lemaitre, Alfred de Vigny, Francisque Sorey, Waldeck-Rousseau and Berlioz.

At the cemetery of Montparnasse the Prefect of Police, M. Lepine, proceeded with an enormous wreath of violets, which he placed with his own hands on the graves of the policemen and of the firemen killed in the performance of duty.

In the same cemetery hundreds of floral offerings were laid upon the graves of Baudelaire, Sainte-Beuve, M. Littré, Guy de Maupassant, and the sculptors, Rude and Bartholdi.

BE NO RACING TOMORROW

Otherwise Many Persons Might Not Go to the Polls.

New York, Nov. 2.—In spite of the fact that in all probability it would have been the only profitable day during the fall meeting at Jamaica track, the officials of the Metropolitan Jockey club have decided that there will be no racing tomorrow.

The reason given is that many men might be presented from going to the polls on account of their duties at the track, and that in view of the strong feeling aroused by the passage of the Hart-Agnew anti-gambling law, the men who make their living at the tracks are anxious to lodge a protest at the polls.

IN NAVY, LOSES SWEETHEART

Returns to Wed he Finds Boyhood Lover Married.

Richmond, Va., Nov. 2.—George Hunter, a United States marine, returned to this city Monday, after an absence of five years, ostensibly for the purpose of marrying Miss Louise Mallory, of No. 6 West Clay street.

The boy and girl were sweethearts before he left to join the navy. After his arrival in San Francisco, recently, Hunter wrote to Miss Mallory of his return. He wrote again in Chicago, and still again from Philadelphia.

The girl received the letters, but the first Hunter knew of this was when he stepped off the train in Richmond and was informed in a note from the young lady that she had married in August John Sneed, whom she had met since their parting.

BAER ADMITS FIXING PRICES

Says He Controls Coal and Asks Whose Business It Is.

Philadelphia, Nov. 2.—George F. Baer, president of the Reading railway and of the Reading Coal and Iron company, fixes the price of coal. He

says so himself, and wants to know whose business it is.

President Baer's admission bears out the testimony of Robert J. Montgomery, general sales agent for the company, that Mr. Baer fixed the price of coal.

A reporter caught Mr. Baer just as he was about to step aboard a train for Reading.

"Is it correct, Mr. Baer, that the price of coal is made by you?"

"It is nobody's business whether I fix the price or not," was the reply.

Mr. Baer then started for his train, but turning and raising both hands said with vehemence:

"Well, now I think of it. Why shouldn't I fix the price of coal? Ain't I president of the coal and iron company?"

JOHNSTON ON LIFE INSURANCE

His Action at Last Assembly Protected Policy Holders in Fraternal.

At the last general assembly an effort was made by old-line insurance companies, through a representative, to have the beneficiary clause in policies of fraternal societies annulled. The bill was carefully worded, and it was with difficulty that the scheme was detected. Representative E. E. Johnston was the first member of the house to see the disadvantages it placed fraternal societies in and was quick to protest. He led in the controversy, and, followed by others, soon had the proposition so unpopular that it was never suggested again during the remainder of the session.

Mr. Johnston is a lodge man, believes in fraternal insurance, carrying several policies in local lodges, and anything adverse to such organizations will quickly meet with opposition from him. While he opposed this particular action of the old-line companies, it must not be construed that he is against old-line insurance, but favors both kinds.

PINE KNOTS MACERATED IN WHISKY

The shavings of a pine knot macerated or soaked in Whiskey is the remedy of the old mountaineer and backwoodsman for rheumatism and pain in the joints and limbs. From time immemorial the medicinal properties of Pine have been valued highly. Whenever possible, physicians recommend that consumptive patients camp out in the Pine forests, where, asleep or awake, they must constantly inhale the pine-laden atmosphere, bathing the lungs with the healing, health-giving and invigorating air.

Unfortunately, there are but few whose circumstances will permit them to leave home and work to live in the open. Those who must stay at home will find in the genuine Virgin Oil of Pine compound pure that the therapeutic virtue for which the Pines are famous. It is a combination of the active principles of the Pine and Santalwood, carefully compounded to retain the well known healing properties of these trees.

A half-ounce of Virgin Oil of Pine compound pure mixed with two ounces of Glycerine and a half-pint of good Whiskey will break up a cold in twenty-four hours, and cure any cough that is curable. Take a teaspoonful every four hours. It is better to purchase the ingredients separately and prepare the mixture at home. Be sure to use only the genuine Virgin Oil of Pine compound pure, prepared by the Leach Chemical Co., Cincinnati, O.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them Remedies of Known Composition.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the closest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, bile liver or biliousness, and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squa-weed." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the system and bringing about a perfect state of health. Sold by all dealers in medicines.

BAD EGGS FOR SINGERS

Republican Quartette Pelted in Doniphan County, Kansas.

Troy, Kas., Nov. 2.—That there is a great deal of enmity and prejudice existing between the republican and independent forces in Doniphan county was strikingly exemplified in the recent meetings held at Severance and Highland Station.

At the former place the opposition hissed the republican speakers. At the latter place Tobias Larson, editor of the Highland Vidette, in company with three other members of a republican vocal quartette, were rottenegged as they were leaving to go.

PORTLAND, MAINE, CHILD Ill, Weak and Emaciated, Re-

stored to Health by Vinol
"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover."

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could." J. W. Flagg, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

Wink & Blink

Many children are allowed to wink and blink through the day's study and go to bed with a headache and an awakening with a dread of the next day's study. This is entirely wrong; if their eyes were right the study would be a pleasure to them. Many a child is punished for being stupid and obstinate when it is the fault of their eyes.

Children of light parents are not usually dull unless there is a cause. If your child is not as forward with his studies or has tendency to play hooky, our optical expert is a past master of the art of testing eyes and will tell you whether the child needs glasses or not.

Important Notice

To Prospective Suit Buyers

We announce the arrival of one hundred Suits bought by our Mr. Flower upon his recent buying trip.

They arrived by this morning's express and are the very latest expressions of New York's fadish styles brought to you as fast as trains can bring them. We admit that the extraordinary large sales before, during and since the state fair had badly depleted our showing. We had hardly expected such appreciation from the public. This consignment of new and up to the minute suits is only a forerunner of the number of suits and coats that will be here, within the next week. Visit this section daily.

AERONAUTS TO COMPETE

THE FIRST FREE-FOR-ALL FIVE-MILE SAILING RACE TOMORROW.

IT WILL ATTRACT A BIG CROWD

A Contest Between Two Aeroplanes, the "June Bug" and the "Silver Dart"—Some of Other Features of Function.

New York, Nov. 2.—Under the auspices of the Aeronautic Society of New York, the first free-for-all five-mile sailing race through the air by dirigible balloons and flights of all kinds of aircraft will be held tomorrow afternoon. The aerial contests will be the amusement feature of election day in the metropolis, and will doubtless attract a vast concourse of people to the new grounds of the aeronautic society at the old Morris park race track.

One of the most interesting events will be a contest between two aeroplanes, the June Bug and the new aeroplane Silver Dart of the Aerial Experiment association of Hammondsport, N. Y. Another attraction will be a five-mile race for dirigibles. Horace B. Wild, of Chicago, has entered his big ship, and will compete against several other distinguished aeronauts.

Motorists will be interested in the wind-wagon contest. A wind-wagon is a stripped chassis, having the motor shaft geared to one or more screw propellers turning rapidly in the air will furnish the traction, and some great speeds have been maintained by this style of car abroad. Prof. William H. Pickering, of Harvard University, has presented to the society a man-powered wind-wagon, which will compete. W. H. Curtiss, of Hammondsport, N. Y., who operated the June Bug aeroplane, has entered his wind-wagon. Another notable entry is that of W. A. Custard.

Other features of the function include kite flying, this event being free to pupils of the public schools. A gliding contest has also been arranged, among the contestants already named being Charles J. Hendrickson, of Middletown, N. J.; Chas. L. Grout, E. L. Jones, A. C. Triaca and Herman Boker.

GETS DIVORCE; SEEKS WIFE

Ohioan, Who Advertised for Spouse, Tries to Win Another Bride.

Hamilton, Ohio, Nov. 2.—"Uncle Billy" Duke, of Oxford township, who advertised for more than fifty years for a wife before he finally landed one in the person of Mrs. Mary A. Markham, a Kansas City widow, was granted a divorce Saturday by Judge Hartko.

The chief grounds were that his bride "dipped" snuff and insisted on keeping the windows open, creating drafts that were too much for the 84-year-old bridegroom. There was no defense. Mrs. Markham has returned to her daughter in Kansas City.

Mr. Drake is not discouraged. He has already begun to send out letters and advertisements, and he believes that, despite his unfortunate experience, he will yet find an affinity. He has brought women from twenty states to inspect the farm and home he offers to a suitable helpmate.

BLANKETS

Only because of our large outlet could we buy these blankets at the saving in price we secured. They were bought at auction from EMORY BROWN & CO., NEW YORK, (the largest weavers and growers of cotton in America), who were forced to auction a big portion of their stock for this season, owing to cancellations of orders taken by their salesmen last spring. We saved 1-3 the original cost—and you save just as much in this sale. Monday, the first day of the sale, we sold nearly a hundred pairs. Enough remain for satisfactory selection on Tuesday—after then, variety of selection will be less abundant.

MURDER AT MT. VERNON, VA

Skeleton Found on Estate Once Owned by Washington.

Washington, Nov. 2.—Through the finding Saturday of the skeleton of a man on the historic Mount Vernon estate, at one time the home of George Washington, the authorities of Fairfax county, Va., have to solve what appears to be a murder mystery.

Gatekeeper Vickers, employe of the estate, discovered the skeleton, together with the dead man's clothes, a gold watch, a bottle of whiskey and a calendar, in a patch of woods near the entrance to the grounds.

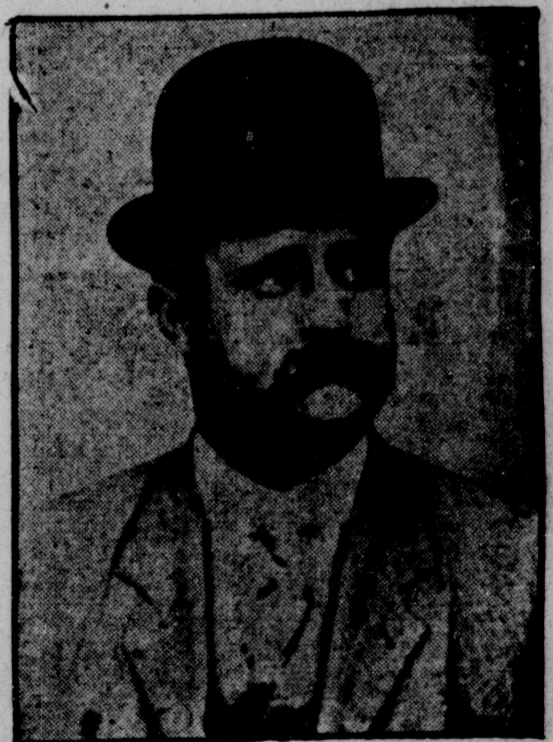

Upon the calendar the name "Antonio" was written, and a bullet was discovered among the bones. The theory of the police is that an Italian workman employed two years ago in the construction of a road near the place was snatched by one of his fellow-workmen.

G. H. AYERS

Every saloon man, every bartender, every gambler, every law-breaker in the county will vote against our man tomorrow. He will not get a single one of these votes. If you vote for our candidate for Sheriff you will vote for the ONE candidate that will get the clearest vote of them all.

If there is another candidate that has not bid for the WET vote he has failed so far to announce it publicly. Mr. Ayers is NOT for the saloon or the gambling house, and we earnestly ask you to give him your support. We feel, no matter WHO you are, that you would like to see the sheriff's office filled by men who will not even go inside a saloon only on business, and will not line up with them or the gamblers either. If you DO want such a man for office, you can get it by substituting Mr. Ayers name for the one on your ticket. Just TRY it once, as we are going to need such a man as Mr. Ayers in the next four years. We trust this to YOU, and ask you to consider our candidate's position. THE DRY COMMITTEE.

UNION LABOR MEASURES ITS VOTE

The Different Organizations Will
Be More Solidly for Mr. Bryan
Than Ever Before, Says
the Federation.

New York, Nov. 2.—Herman Robinson, campaign manager for the American Federation of Labor in the east made the first statement Saturday yet given out for publication of the strength of the labor vote in the United States, the percentage of unions which have endorsed Gompers, with particular reference to what could be expected of the organized labor vote in New York state. He prefaced his statement of conditions in organized labor with this observation:

"If the democratic party supports Mr. Bryan with anything like the activity and unanimity of the working men of the country he will be elected."

Mr. Robinson, dictating his interview, said:

"There are two and one-half million paid up members of the American federation in the United States. Affiliated with the organization were a sufficient number to bring the total up to three and one-quarter millions."

"We have 32,000 national, state and local organizations. Of these 27,000 have endorsed the attitude of Mr. Gompers. Those who have repudiated Mr. Gompers have not done so because he was opposing Mr. Taft, but because they were socialistic organizations which did not believe he had gone far enough and held that labor should take a stand for socialism. Of those which repudiated Gompers the total is not more than fifty at the outside. That leaves 4,950 which have kept silent."

Discussing organized labor in New York state, Mr. Gompers said:

"There are between 325,000 and 350,000 organized workmen in this state. Of this vote Bryan will get 75 per cent, Debs 10 per cent, Taft 10 per cent, and 5 per cent will be divided between the prohibitionists and Hissgen. Of the vote in New York City we estimate that 60 per cent has always been democratic. Of the 40 per cent remaining there will be 35 per cent of the republican vote which will change and support Bryan."

"The up-state workingman's vote has heretofore been largely republican. Between 60 and 70 per cent of it has supported republican presidential candidates in former campaigns. Mr. Bryan will receive all the votes which have formerly gone to democrats, and, in addition, 70 per cent of the workmen's votes which have

gone to republicans. This is true of unorganized as well as organized labor."

IS NOW SAVING SINNERS

"HELL-ROARING BILL" McDONALD
GETS RELIGION IN LONE
STAR STATE.

CAPTAIN OF THE TEXAS RANGERS

Friends Fear That Commonwealth Is
to Lose Its Most Picturesque
Character—Taboos Swearing
and Other Things.

Austin, Texas, Nov. 2.—It is now "Heaven Shouting" instead of "Hell Roaring" Bill McDonald. The gaunt and grizzled captain of the Texas Rangers, the man who would "charge hell with a bucket of water," has got religion and is urging sinners to the altar in a local revival.

He is charging on the kingdom of evil every night, not with water, but with the fire of fervent "Amen's" and "Hallelujahs." His dead-sure aim is no more directed at cattle rustlers and half breeds, but at the hard of heart who resist the evangelist's appeals to repent.

Those who have seen the change in Captain Bill's walk and conversation believe he is even ready to forgive his latest and most hated enemy, Senator Foraker.

But while there is rejoicing among the pious over Captain Bill's change of heart, there is fear that Texas has lost its most picturesque character since Sam Houston. Captain Bill McDonald, without profanity and boisterous belligerency, may be just as good a ranger, but he will no longer be the picturesque character that desperadoes have feared and that President Roosevelt has so warmly admired.

Almost in the tone of an obituary recital his friends are telling over the familiar stories about McDonald's bravery and bravado. How, for instance, he went alone to Dallas, when a dispatch came from that city for a company of rangers to quell a riot.

"Where are the others?" asked the disappointed mayor, who met him at the depot? "Hell, ain't I enough?" was the response. "There's only one riot."

Or how, when challenged to a duel, he scornfully remarked: "How many men? Only one? Hell, that wouldn't be a duel. That would be murder."

The incident which brought Captain McDonald about of Senator Foraker was the Brownsville riot of negro troops. He went to the panic-stricken town seven days after it was "shot up" by night marauders. He found a citizens' committee in charge of an investigation making no progress.

"I will find the guilty men," Major Penrose assured him, solemnly. "It takes ten years."

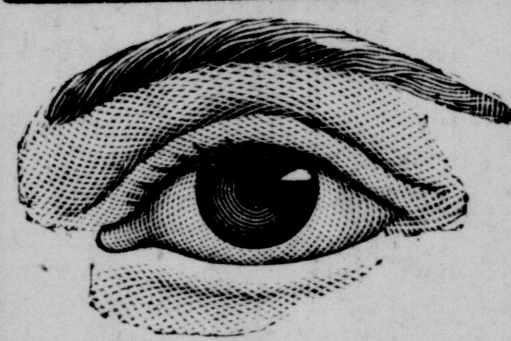

"Ten years!" snarled McDonald, scornfully. "I'll find them myself, and it won't take ten days."

His report against the negro soldiers caused Foraker, who championed the cause of the troops at Washington, to refer to him as "that man, McDonald."

Captain Bill threatened to go to Washington and beard the senator in committee room. Later he was convinced by a phony invitation to go on hunting with President Roosevelt and "Catch 'Em Alive" Jack Abernathy in South Africa.

FEW BETS ON ELECTION

AN UNUSUALLY SMALL SUM OF
MONEY TO CHANGE HANDS
ON THE RESULT.

IS NO WAY TO GET A LINE ON IT

While Mr. Taft Is a Favorite in Bet-
ting Circles, Few of His Ad-
mirers Are Willing to Wa-
ger Large Sums.

New York, Nov. 2.—Little betting of an important character has marked the present campaign in New York, and it is likely that an unusually small sum of money will change hands as a result of the election. Owing to the stringent gambling laws obtaining in New York, there is practically no open betting.

A few obscure books are in operation, but the proprietors are not over-run with clients. Rumors are to be heard in the hotel lobbies of big wagers made by brokers and men of affairs, but any attempt to run the stories to earth is unsuccessful. Chandler is usually quoted a favorite, and some bets have been made on the result of the national election at odds of 2 to 2 to 1 in favor of Taft.

Chicago, Nov. 2.—Among the Chicago sporting fraternity there is the customary betting on the results of tomorrow's election, and several big wagers have been reported. Every offer of liberal odds by republican backers is eagerly snapped up by devotees of chance who believe that Bryan has a lead-in at the finish.

While the odds favor Deneen as against Stevenson, the democratic gubernatorial nominee, the latter has many backers and it is likely that a lot of the coin of the realm will change from pocket to pocket when the results in the state election are known. There will be the usual big blow-out to celebrate the holiday tomorrow evening and the Windy City will doubtless surpass itself in merry-making.

Philadelphia, Nov. 2.—No conspicuous betting has marked the campaign in Philadelphia. Some wagers have been made among stock exchange members, one of these reported being \$3,000 to \$1,000 on Taft. Some minor bets have been made by local politicians, but the plungers have not been conspicuous.

St. Louis, Nov. 2.—Taft is a favorite among the layers of political odds in St. Louis, but 2 to 1 has been offered that Bryan will carry Missouri. Several bets at odds of 3 to 5 have been made that Gov. Joseph Folk will defeat Senator Stone for the United States senate. Cowherd, the democratic nominee for governor, is a favorite, but Hadley the republican candidate, has many backers who think well of his chances.

San Francisco, Nov. 2.—The last days of the campaign on the Pacific coast have been marked by considerable enthusiasm, and money is being freely wagered on the result. Taft rules a favorite, but in some instances his backers have reduced the odds.

WHITE QUAIL IN OKLAHOMA

Hunter Brings Down Rare Bird Near
Gotebo.

Oklahoma City Ok., Nov. 2.—White quail have been reported from different parts of the United States in the past few years, but not until the present hunting season have they been found in Oklahoma.

Saturday when Henry Midkiff was hunting on his farm near Gotebo he shot one that had a full white breast and wings. The bird is not otherwise different from the ordinary quail in size and general appearance.

FATAL ELECTION QUARREL

Republican Is Dead and Democrat Is
in Jail.

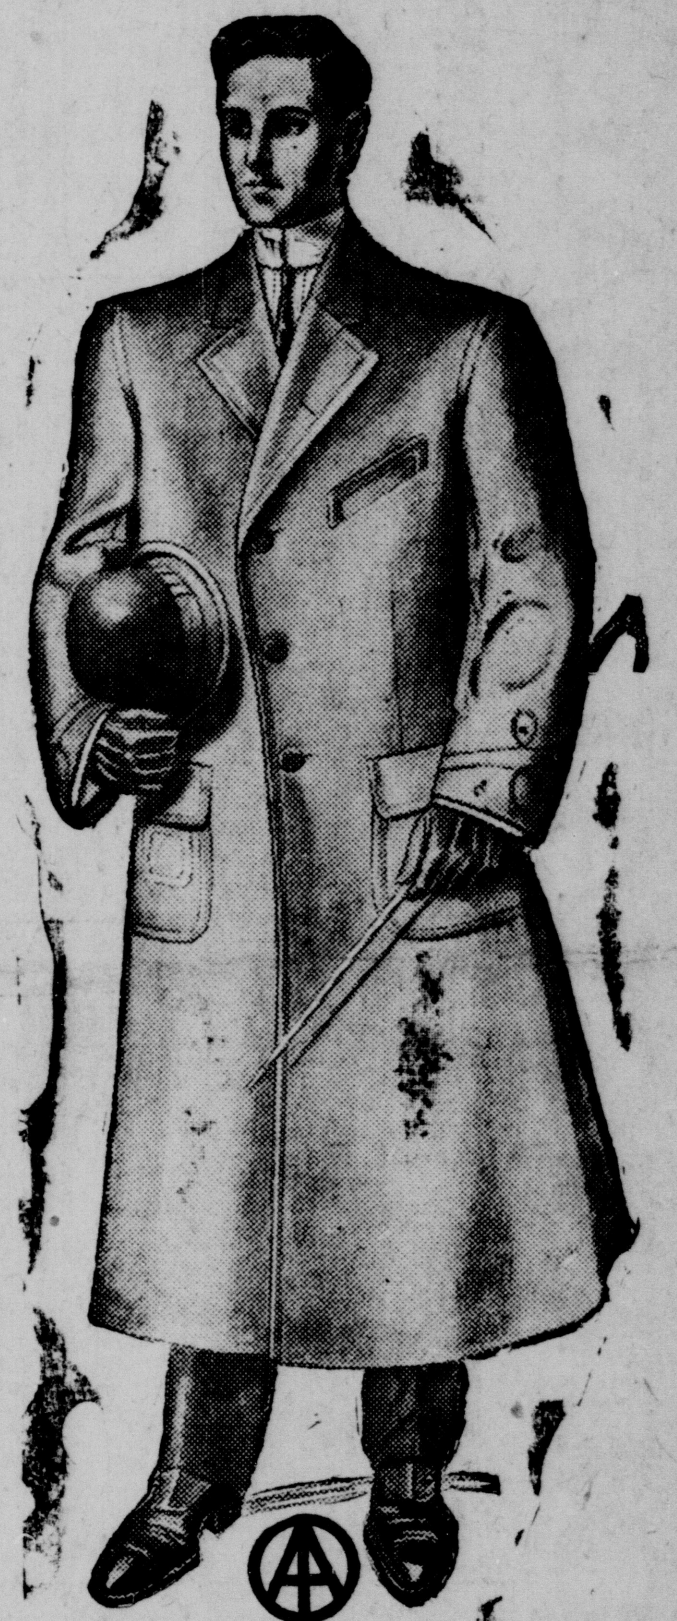

Foraker, Ok., Nov. 2.—In a quarrel over the coming election here Frank S. Seward, a hardware merchant and local democratic committeeman, Sunday shot and killed John H. Milam, a wealthy ranchman, of Pawhuska, Ok. The shooting occurred in Seward's store. Milam was a republican.

The men became engaged in a heated political debate. Suddenly Seward drew his revolver and fired

AN 18-YEAR-OLD BOY SHOT

Springfield Policeman Wounds Calvin Finkle.

Springfield, Mo., Nov. 2.—As a result of his efforts to frighten a crowd of Drury college Halloween merry-makers Sunday morning, Special Policeman Charles H. Finn is under arrest on the charge of shooting Calvin Finkle, aged 18, son of Prof. Ben F. Finkle, a member of the Drury faculty.

The young man is in a critical condition in a local hospital, the left side.

Finn, with his brother officer, A. Barr, called to the crowd of young men to halt when they were surprised, and in drawing his pistol to fire in the air to frighten them, Finn accidentally discharged the gun at the group.

FOUR HOURS FOR VOTING

EMPLOYEES ARE ENTITLED TO IT WITHOUT THEIR BEING "DOCKED".

EVERYONE SHOULD REMEMBER THIS

An Employer should Refuse to Permit Employee to Quit Work Long Enough to Vote. Can Be Fined \$50.

Every voter may absent himself four hours from his work to vote election day without fear of losing his position or otherwise being penalized by his employer.

The law specifically provides that each voter may take four hours from his services to his employer during the hours the polls are open and is not to be liable for his absence to a deduction in wages.

The employer shall have the right to specify the hours the employee may go to the polls but should be threatened the employee with discharge or any other penalty for taking time off to vote, the employer may be held guilty of a misdemeanor and fined \$50.

The section of law governing the case follows:

Section 7175. Employees to be allowed four hours, penalty, etc.—Any such person entitled to vote, at any election in this state, shall on the day of such election, be entitled to absent himself from any services or employment in which he is then engaged or employed, four hours, between the times of opening and closing the polls; and such voter shall not, because of so absents himself, be liable to any penalty: Provided, however, that his employer may specify the hours during which such employee may absent himself, as aforesaid. Any person or corporation, who shall refuse to any employee the privilege hereby conferred; or shall discharge any employee for absents himself from his work for the purpose of said election, or shall cause any employee to suffer any penalty or deduction of wages because of the exercise of such privilege, or who shall directly or indirectly violate the provisions of this section, shall be deemed guilty of a misdemeanor, and on conviction thereof be fined in any sum not exceeding five hundred dollars. AGED 15 YEARS IN A DAY

Woman Recives \$17,500 Damages for Accident.

Chicago, Nov. 2.—In one day the head of a broken trolley pole fell on the head of Mrs. Julia Knoll, her hair, naturally a chestnut brown, was turned completely white and the expression of her face changed from the bloom of middle age to that of a woman of middle years her senior.

The accident occurred on December 21, 1904. In Judge Tuthill's court a verdict for \$17,500 was rendered in her favor against the Union Traction company, owners of the line on which she was injured.

The verdict was one of the largest ever returned in favor of a woman in a personal injury case in the history of Chicago.

THE ELECTION RETURNS

WILL BE BULLETINED IN MANY
PLACES IN NEW YORK TO-
MORROW NIGHT.

HOTELS ARE TO ANNOUNCE THEM

The Cash Register and Barkeepers
Will Be Worked Overtime in
Many of the Down Town
Cafes and Hotels.

New York, Nov. 2.—All over the
greater city today there are to be
seen evidences in profusion that to-
morrow is election day. Commission-
er Bingham has completed his plans
for policing all polling places. The
election officials have made all ar-
rangements for the balloting. The
campaign managers, national and
state, are having the busiest day of
their lives. All sorts of wild rumors
are being circulated and an air of
subdued excitement pervades the
city. Rallies and stump speaking
meetings are scheduled for all sec-
tions of the metropolis tonight and
the party spellbinders will make a
last frenzied attempt to arouse the
voters to enthusiasm.

While the saloons and cafes will
have a period of inactivity tomorrow,
the cash registers and bar keepers
will probably be worked overtime in
the evening. For thousands of New
Yorkers election night is always the
occasion for a debauch, and the com-
ing holiday will doubtless not be an
exception.

The newspapers have made their
usual arrangements for announcing
bulletins, and the news flashed over
the wires from every nook and cor-
ner of the land will be shown forth
from scores of places for the benefit
of the howling, surging, fun-loving
crowd that always throngs the streets
on election night.

It is the opinion among hotel and
restaurant proprietors and managers
that the coming election night will
be the "biggest" in their records,
and consequently each is striving to
gain for himself the laurel of ap-
proval for bulleting the returns.

In many of the Broadway restau-
rants most of the tables have already
been reserved by dinner and supper
parties, and several of the hotels
have announced that admission to
the rooms where the returns will be
announced will be only by card.

At the Waldorf-Astoria the returns
are to be received in the grand ball
room, the former plan of using the
south cafe for that purpose having
been found unsuitable and inade-
quate. Special wires will be run into
the ball room and the returns will be
 flashed by stereopticon on a huge
white sheet. The room will hold
about 2,000 persons, each of the for-
ty-three boxes holding a party of
eight. The ball room will be turned
into a restaurant for the evening, ta-
bles being placed about the main
floor. Admission will be by card.

At the St. Regis the management
announces that the returns will be
made public by a man who will walk
through the restaurant and cafe ev-
ery few minutes. This plan will be
adopted also by the Savoy manage-
ment.

At the Plaza telegraph instruments
are to be installed in the palm room
and grill, and the results will be
shown by the stereopticon.

Every effort is being made to se-
cure early and complete statistics. It
is estimated that hundreds of people
will thus be able to get the returns in
comfort.

All of the other big restaurants
and hotels have made elaborate ar-
rangements for entertaining guests,
and "nothing but wine" will be the
slogan that will go forth at every im-
portant dining and drinking place in
the big town.

Foley's Honey and Tar clears the

low package.—Arlington Pharmacy.

BURGLAR IN EVENING DRESS

Secures \$1,500 Worth of Jewelry at
Chicago Reception.

Chicago, Nov. 2.—A burglar, attired
in full evening dress that he might
be confused with the servants or
guests attending a reception given by
Mrs. Eugene Vincent Rodding, and
who secured jewelry valued at \$1,500,
was reported to the police today.

Mrs. Rodding stated that the bur-
glar entered through a window and
must have mingled either with the
servants or guests in order to reach

her boudoir. He would have attract-
ed instant attention had he been in
other than formal attire, she said;
but might have escaped detection in
the crush in evening dress.

ACCIDENTS WILL HAPPEN.

And the result is usually a spoiled
gown. Not so serious a matter as
first thought makes it if the facilities
we provide for perfect dyeing and
cleaning of all manner of fabrics are
utilized; and the cost is modest in
the extreme.
